Paid Summer Internships for High School Students

The Transbay Program is building one of the largest transit projects in the western United States. Interns will spend the summer working with the Transbay Joint Powers Authority on projects supporting the Transbay Program.

**When:** June 11–August 10, 2018

**Where:** Downtown San Francisco
(easy access by public transit)

**Who Should Apply:**
Local rising 11th or 12th grade high-school students who are available to work for the entire period. We encourage students interested in exploring careers in architecture, engineering, finance, public service, or community outreach to apply.

Prior work experience is not required.

- Hands-on work experience in the fields of architecture, engineering, finance and public service
- Exposure to a professional work environment
- Learn how public infrastructure projects are planned, designed and built
- Earn $15 per hour/25 hours per week

Visit the Faces of Transbay page on our website at [www.tjpa.org](http://www.tjpa.org) to hear what last year’s interns had to say about their internship experience.

**How to Apply:**
Please submit a brief cover letter and your resume to ngonzales@tjpa.org

**Questions?**
Please contact Nila Gonzales at ngonzales@tjpa.org

**Important Dates:**
- **Cover Letter & Resume Due By:** March 30, 2018 at 5pm
- **Notification of Interview By:** April 16, 2018
- **Internships Begin:** June 11, 2018

---

The Transbay Joint Powers Authority (TJPA) is responsible for the design, construction, and operation of the new Transit Center and its associated facilities. The TJPA is a government agency created by State law.
